TECHNOLOGIES & PLATFORMS

AMBER has tackled every major platform and has software & hardware licenses to support all your development needs.

TRUSTED BY INDUSTRY LEADERS

"I have worked with many external vendors/partners/providers in the past and have never had a quality of service quite up to the level as we've received from AMBER."

Ayhan Sahin - BIG FISH GAMES

"We are delighted by the last 3 years we have shared together and by the more of 2000 levels you have created for us, for the project Angry Birds Friends, during all this time. I think I can speak for everyone when I say that it has been a wonderful and enriching experience from the very beginning. Thanks a lot for sharing with us your passion and your eagerness to learn more and more every day. We really appreciate the fact that we together have been able to push the boundaries of our level design to limits we never thought we would reach."

Adrian Navarro Perez - ROVIO

"I feel like our collaboration with AMBER has only strengthened over the years of working together. Teams and individuals from TSB who are working directly with AMBER team all shared positive feedback about them."

Eszter Barabas - SANDBOX

"A wonderful experience working with a professional and inspired team! Our products are better with AMBER in the fold!"

Jake Flint - IMANGI

"I couldn't be prouder of what the whole Amber team has helped us build and bring to life through this video game. In my culture, a HERO was always needed... ****, it still is... Mexican Ninja has always been about that to me - the longing for that idea. Having profound admiration for Japanese culture, its history, and its roots, it naturally seemed like the perfect one to blend and contrast with my own. I hope players can join the fun, explore the world, and embrace all the quirks of this concept. I hope they get their asses kicked and stand up again, and again, and again—and through this dynamic, understand that Mexican Ninja is a vibe, a spirit, a way of being. I wish you a good journey in finding your inner donkey. Stay blazed"

Carlos Rincones - REDRUM

"Amber has been a truly collaborative partner in creating a unique and groundbreaking experience. They are responsive, communicative, and thoughtful, approaching challenges head-on and always delivering high-quality results. I'd not hesitate to recommend them as a partner for any project.

Jason Haber - AMAZON GAMES STUDIOS
